Foal Purchase Options

In Utero Contract Purchase Options

Select pairings are available each season for in utero contract sales. These expected foals are available on a first come first serve basis and they are only available for a limited amount of time after confirmed pregnancy. The foal is discounted from the live foal price and if using a payment plan option, the payment length time is longer than our live/born foal purchase agreements. The in-utero foal purchase price includes the foal's registration with FHH and WSS, all *typical foal costs until weaning and a Soulwind Warlanders "Welcome Home Kit".

1. **Paid In Full Option:** The contract and a 10% deposit is due to reserve the foal at the in utero price. The remaining purchase price is due within 7 days of returned contract.

- The contract and deposit/payments on a foal are transferable or refundable if the pregnancy is lost/aborted during gestation, if the foal is still born, born unhealthy or uninsurable or if the foal does not live to be 48 hours old.
- All in utero buyers are encouraged to purchase a foal mortality insurance policy, the foal is the buyer's responsibility at 48 hours post birth.
- All the *typical mare and foal care is included in the purchase price of your foal from birth to weaning. Non typical, emergency, and accidental vet care/needs are the responsibility of the buyer.
- We typically wean our foals between 5 and 6 months of age. Our program and breeding practices are focused on the health and well-being of both the mare and foal, sometimes the weaning ages will vary based on the needs of that specific mom and baby. The buyer will be updated and given ample notice of their foals weaning date. Our weaned foals will have 30 days of free board while the buyer arranges transport. Board and feed fees apply if transport takes longer than 30 days post complete wean.

2. **Payment Plan Option:** A 5% Payment Plan Fee is added to any foal sale where a payment plan is used. The payment schedule is flexible and can be customized to the buyers needs.

- A signed contract and a deposit of 10% of total purchase price initiates the purchase agreement to your desired foal.
- Buyer chooses the minimum monthly payment and payment date. This can be the total purchase price divided into equal monthly payments until foals estimated weaning month or a minimum monthly payment and additional payments throughout the contract and/or a balloon payment at the end of weaning. Foals must be paid in full by weaning.
